The Night Drawer is this collaborative art zine here in your hands or on some surface if you are able to hold the zine open without it folding it closed. Maybe you are holding it open with one hand or some kind of paperweight and flat surface combo.

Anyway, This zine is drawn every Sunday at drawing night in Olympia, WA. At LeVoyeur in the front dining room not the bar or show space.

Any one is encouraged and invited to participate especially you! So come down at 7:30 and become or continue to be a night drawer.

each week a theme
is drawn from the prompt
drawer. This weeks prompt
is.
